

ASM Knowledge Hub

ASM Knowledge Hub Secretariat

The main role of the Secretariat is to ensure effective coordination among stakeholders and to disseminate knowledge to others.

- Effectively running the ASM Mongolia Knowledge Hub web-based platform
- Convening stakeholders to strengthen the ASM network through coordination and cooperation
- Promoting knowledge sharing, learning and capacity building initiatives of stakeholders
- Ensuring the collection and documentation of relevant information and data on ASM
- Supporting evidence creation initiatives of members
- Leveraging member s' promotion and advocacy initiatives

The Secretariat will work with the SDC SAM project and Datacom company to develop and manage web-based platform for the ASM Knowledge Hub. The Datacom, has been selected as the developer for the web-based platform. In collaboration with SAM Project experts, ASM National Federation the Secretariat will support each thematic group to support and coordinate for meetings, workshops and events.

The ASM MKH has email and social media group to conduct regular stakeholder meetings to promote the network. The ASM MKH's main tools for knowledge dissemination will be platform, database, resources and knowledge-exchange events such as in country study tours, workshops, on-site training and meetings.
